PROFILE

I am a passionate 3rd year Software Engineering student studying at the University of Technology Sydney (UTS). I am proficient in Java, C, C++, Python, ReactJS and aspire to work in a field where I can positively contribute towards the future development of a company and achieve career fulfillment.

EDUCATION

University of Technology Sydney   **March 2018 – Nov 2022 (Expected)**

Bachelor of Software Engineering (Honours) Diploma in Professional Engineering Practice
2nd year Weighted Average Mark (WAM)

- **WAM:** 84.61

Macquarie Fields Selective High School (Selective)   **2015 – 2017**

- **ATAR:** 86.35

East Hills Boys High School   **2011 - 2014**

TECHNICAL SKILLS

Languages	Java, C++, JavaScript, Python, ReactJS, SQL, HTML5 & CSS3
Software	Adobe Suite, Microsoft Office, FL Studio, Eclipse, NetBeans, Python 3.6, Sublime Text, Visual Studio, Brackets, BlueJ
Operating Systems	Windows 10, macOS, Kali Linux, Ubuntu, Tails
Knowledge	Familiarity with Agile, Redux, Github/Gitlab, Algorithms, APIs, AWS

EXPERIENCE

Stomble   **June 2019 – Jan 2020**
Software Engineer

- Developed and implemented wireframes into a video web application platform using ReactJS and MaterialUI, integrated back-end functionality through Redux and AWS.
- Worked in an agile environment such as SCRUM to deliver solutions per sprint.
- Assisted in system analysis and review of document specifications and wireframe designs in order to meet changed requirements.
- Pushed code onto Gitlab and tested solutions by using google developer tools and redux debugger tools.

Woolworths   **Nov 2018 – Present**
Customer Service

- **Teamwork:** Worked closely in many different teams (deli, sales, produce stocktake) to ensure team KPI's such as raising money for donation targets were met.
- **Customer Service:** Displaying exceptional customer service skills through providing product knowledge, strong interpersonal skills and customer awareness.
- **Adaptability:** Perform efficiently under pressure in many different roles such as deli, produce and point of sales.

David Jones   **Oct 2018 – Feb 2019**
Sales Assistant

- **Communication:** Worked in a team environment and able to coordinate amongst team members.
- **Point of Sales:** Organised point of sales transactions for customer purchases and returns.
- **Responsibility:** Able to prioritise and complete multiple tasks in a fast-paced retail environment.
